Getting to grips with Greek grammar

In view of the new academic year, Patakis Publications presents a new educational book for elementary school children titled “Gramatiki gia pedia” (Grammar for Children). The 200-page Greek grammar book is written by Antonis Besios and Maria Delaki and illustrated by Zacharias Papadopoulos and covers aspects of grammar taught in third and fourth grade. Through humorous illustrations and useful dialogues and exercises, children can have fun perfecting their understanding of Greek grammar. The book also includes helpful notes for teachers and parents as well as an answer key.

“Grammatiki gia pedia” costs 17 euros.
